TIOGAN

TWIN LAKES HIGH SCHOOL
MONTICELLO, INDIANA
1966

" 'Tis education forms the common mind;
Just as the twig is bent the tree's inclined. "

The educational experience of youth, as Alexander Pope's words expressed it above, fashion the basis for all of later life. Recognizing this, the 1966 Tiogan attempts to present a record of the myriad activities of Twin Lakes and relate them to the future. Its pages are an invitation to walk again the halls of Roosevelt and relive an important year. In word and in picture it stands as evidence that seemingly commonplace incidents of school life today are in reality the foundation for the paths of later life. Focus now on '66.

ACTIVITIES

FOCUS on fond memories. Recall the thrill of greasepaint and footlights; the quiet significance of our Christmas Sing; thoughts of gay parties, holiday parades, and the Spring Concert add a glad note. That crumpled carnation pressed away also has had its glory but these memories linger to brighten our path as we FOCUS on new adventures.

The cast takes a curtain call. Dennis Laffoon-Summers of the Herald Tribune; Mike Hawkins-Johnson of the Daily Mirror; Dave McDonald-Francis X. Nella; Dave Hathaway-Ryan, of the Daily News; Cheryl Michal-Miss Freud; Suzie Fee-Aunt Hettie; Sue Huddleston-Mimsy; Eric Lindborg-Pusey; Max Hall-Rosenthal of the Post; Bob Beck-Aubrey McKittridge; Bill McClintic-Old Jim.

THE GIRLS IN 509

Mr. Brown furnished these students from his shop classes as stage hands. Ron Fross and Steve Reames steady a door while Larry Allen and Mike Sheroan fasten a hinge.

Dennie Godlove, Mary Ann Koestner, Jeff Saylor, Laurie Hart, and Jill Jay put finishing touches on a stylish apartment of 1930 vintage.

With a little grease paint and powder puff, Karen Plummer transform exuberant Cheryl Michal into a plain jane.

THE GIRLS IN 509

"The Girls in 509" is a political satire based on the 1932 Democratic landslide. Suzanne Fee as Aunt Hetty played the part of a prominent Republican leader who went into seclusion with her niece Mimsy (Sue Huddleston) and for years contacted the world only through Old Jim (Bill McClintic) a bellhop. Jim's ambition to become an actor led him to get an exclusive interview for Professor Pusey, a budding journalism student played by Eric Lindborg. Soon nosey reporters (Mike Hawkins, Dennis Laffoon, Dave Hathaway and Max Hall) were knocking on the apartment door, along with a political tycoon, Dave McDonald. An overly protective welfare worker, Cheryl Michal, and a greedy lawyer, Bob Beck, were ready and anxious to help The Girls when it was found they had papered their apartment with valuable stock certificates.

Prompter Marie Brown stands ready to answer distress signals.

An innocent bachelor, Professor Pusey loses his job after he spends a night in the apartment of two women.

Reporters Mike Hawkins and Dennis Laffoon hope for an exclusive story as political chairman Dave McDonald seeks financial support from the Girls in 509.

There must be an easier way.

Jerry won't be penalized for clipping this time.

HOMEcoming 1965

Five beautiful girls, five handsome escorts, five Chevrolet convertibles, a red and white studded carnation platform--This was HOMEcoming 1965, the creation of an ambitious Senior class. The evening before, September 17, Senior boys converted a hay wagon into a gabled shell and covered it with wire mesh. Girls filled in the skeletal framework with puffs of tissue.

The Senior and Junior classes each nominated five queen candidates. An all-school ballot narrowed the number. The one who received the most votes was announced as queen in a half-time ceremony, after the girls had ridden to the platform in convertibles.

Captain Phil Cottrell presented a bouquet of red roses to the queen, Jo Lux, and claimed the traditional privilege of a kiss.

Bet it will take a zillion pieces of this to cover the float!

Terri Roth, Carlita Clark, Sue Bartlett, Carol Ricker and Mary Koestner stuff and stuff. . .

The girls and their escorts watched Twin Lakes defeat North Judson--the climax to a perfect evening. Marcia Wyant and Mick Spencer, Suzie Fee and Eric Lindborg, Jo Lux and Dave Hoff, Sheryl Smith and Jim Hoover, Sue McNaught and Jim Hauser.

On Monday night we begin converting a big empty ball-room into a Roman palace.

On Tuesday night, Janie Hauser, Carleta Clark and Doug Carnahan work like "Roman Slaves" making gold leaves for the palace ceiling.

VALETE DE VERE

(April 30, 1965)

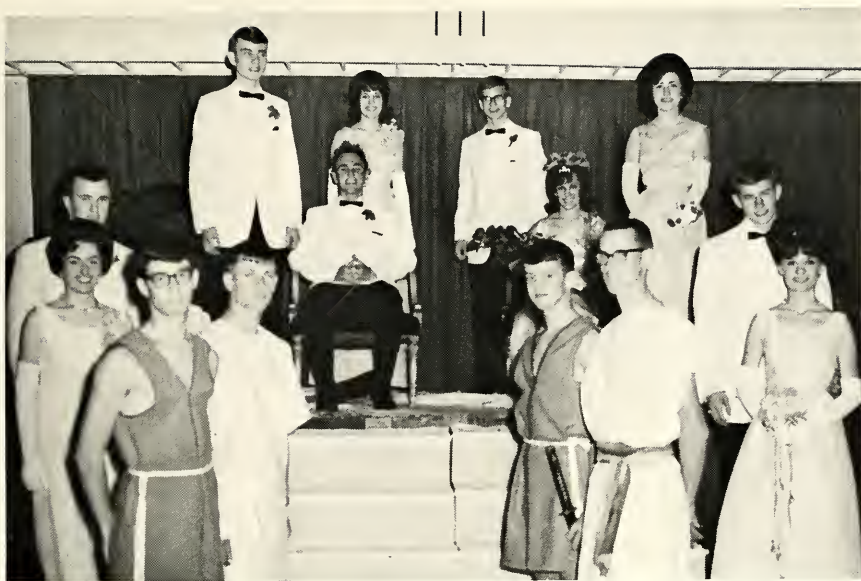

By Wednesday, endless garlands of leaves are fastened to pillars by Bill McClintic, Jerry Altman and Cathy Brooks.

"Rome wasn't built in a day," as Eric Lindborg and 185 other diligent juniors realize late Thursday night.

Sheila Bobbitt drapes a scarlet curtain around the throne being erected by Larry Hunt and Melvin Hughes.

Attendants Dave Hoff, Mike Jones, Dave Cantoni, and Ed Lucas led the royal party, Sue Mikesell, Jim Mowrer, Joyce Hanna, Jim Fours, Darlene Jones and Pete Hattersley to the throne where Sue was crowned Queen Cleopatra by Eric Lindborg and Sheryl Smith. Jim Mowrer was crowned Emperor Caesar by Suzie Fee and David Hathaway. The King and Queen then danced to the strains of "Three Coins in the Fountain."

Two servers, Cheryl Bundy and Joe Crocker, dressed in classical Roman togas, serve delicious refreshments of mints, cookies, and punch from a purple and gold trimmed table.

Jeff Saylor and his guest waltz to "Blue Velvet" after the jerk.

TWIN LAKES HIGH SCHOOL BAND

The crash of cymbals, roar of trombones, and the um-pah-pah of tuba --these are all familiar sounds which emanate from the school gym, sixth period. It's the sound of the Twin Lakes High School marching band during one of their strenuous practice sessions.

The band plays an important role in our school and community life. It creates a gay and happy atmosphere at our ball games by providing varied entertainment and sparkling music. They perform annually in the town's Christmas parade and not only take an active part in the County Music Festival but also sponsor a Spring Concert for T. L. students and the community. Each fall they participate in a high school band day joining hundreds of high school bandmen on a college campus.

Don't think that these musicians aren't dedicated! Many of them brave the round trip from Lincoln to Roosevelt, sometimes in weather that would frighten the postman, to play in the band. During school some donate their time to play in our pep band and in summer many join the community band or form a sidewalk band of their own.

These band members through their constant efforts have embedded in each of us a deeper sense of school spirit and have provided a strong link between school and community. It's an active group which symbolizes life at our Twin Lakes High School.

GAA

"Together We Learn" is the motto of the Girls' Athletic Association. The purpose of the GAA is to instill in the members a desire to better themselves through a knowledge and understanding of wise use of leisure time. The selection of activities is diversified to include not only the area of sports and games but also areas of thought and personal betterment.

VARSITY CLUB

The Twin Lakes Varsity Club is made up of young men who have earned a letter in a varsity sport. Its activities are centered around various sports and athletic endeavors. The club's goal is to promote interest among all students in the athletic program, either as participants or as spectators.

OFFICERS: Roger Sommers, President; Phil Boze, Vice-President; Dan Hanenkratt, Secretary-Treasurer; Ron Hoffer, Advisor.

ART CLUB

Cheryl Anderson is the president and Mr. James Klaiber is the sponsor. The Art Club is open to all ninth and tenth graders.

A traditional project of the Art Club is the colored murals on the Lincoln Building assembly blackboard. Each chalk drawing is four feet high and eighteen feet long. Three or four pictures on regional or seasonal themes are completed each year. Another group project is window decorations for Thanksgiving, Christmas, and Easter. Sculpture, sketching, metal enameling, and pottery are often the subjects of individual projects.

The History Club has sixteen members. It is primarily an interest club. One of its projects this year has been the production of a movie, entitled **HOMETOWN**. The History Club also is responsible for patriotic programs which are broadcast to each homeroom, and displays. Through these activities the members gain a greater understanding of history and its lessons.

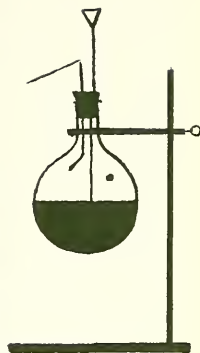

HISTORY CLUB

Officers are: Mary Ann Koestner, President; Maurie Vose, Vice-President; Shari Tolley, Secretary; Tom Campbell, Treasurer.

OFFICERS: Larry Swartz, President; Glen Doremire, Vice-President; Rex Gutwein, Secretary-Treasurer.

SCIENCE CLUB

Those who are especially interested in science join the Science Club. Speakers for club meetings talk about their professions and the opportunities for study and work in their fields. Members prepare projects for the Twin Lakes Science Fair in March and the Purdue Regional Fair in April.

FUTURE TEACHERS OF AMERICA

The Future Teachers of America focus on the future of those interested in a teaching career. Most of its 16 members are Exploratory Teachers who student-teach at various grade levels. Programs center around educational films and speakers on various aspects of teaching.

OFFICERS: Bill McClintic, President; Lynette Jones, Vice-President; Linda McClintic, Secretary; Susie Capper, Treasurer.

OFFICERS: Cathy Brooks, President; Marcia Wyant, Vice-President; Diana Crouse, Secretary; Kathy Hamm, Treasurer; Cathy Roth, Editor; Linda McClintic, Historian; Jill Jay, Parliamentarian; Susie Capper, Recreation Leader; Carlita Clark, Song Leader; Deana Ireland, Voting Delegate; Sue Huddleston, Student Advisor; Mrs. Wanda Fountain, Faculty Advisor; Mrs. Helen-Jo Brooks, Chapter Mother.

F.H.A.

The Twin Lakes Senior High chapter of the Future Homemakers of America looks toward new horizons with high hopes of bettering their school and community. With warm courage they braved the cold winter winds to collect for the March of Dimes. A "Safe Driving Campaign," a "Boys' Lazy Week," and a project for making stuffed animals for the mentally retarded children were also a part of the year's efforts. Always active, the F.H.A. strives to prepare its members to become homemakers and good citizens.

As a part of their project LOVE (Life Of Voluntary Endeavor) the FHA'ers make "Gonks." They are distributed at Christmas time to children of the community. The variety of gonks is limited only by the imagination of the girls.

Officers: Jerry Long, President; Tom Geisler, Vice-President; Dick Geisler, Treasurer; Dave Geisler, Secretary; Jerry Miller, Sentinel; Larry Kilmer, Reporter. Faculty Advisor, Donald Huff.

F.F.A.

The varied objectives of the Twin Lakes chapter of Future Farmers of America are focused on developing competent agriculture leadership, creating interest in farming as a vocation, developing character and leadership in the community, and encouraging scholarship.

Members of this club participate in many competitive events. Individually and as teams they enter Judging contests in Crops, Livestock, Dairy, Vegetable and Soil. Some enter an essay-writing contest on subjects concerning agriculture.

This year's club has among its members one of the best Soil Judging Teams in this area: Jerry Long, Tom Geisler, Dave Geisler and Jim Fisher.

FORENSIC

The Forensic Club, counting more than 30 members, is an organization for those who are interested in speech. By demonstration and participation its members learn to speak effectively. Twin Lakes students have compiled an admirable record in interscholastic speech contests throughout the state. The Twin Lakes chapter of the National Forensic League is one of the largest and most active in Indiana. In October Twin Lakes was awarded a bronze plaque by the NFL for "outstanding achievement." Only twenty-five such awards were made in the nation. Mrs. Laura McDowell is sponsor of the Club and devotes many hours to its progress. Officers for 1965-66 are: David McDonald, President; Sue Huddleston, Vice-President; Carolyn Sollars, Secretary; and Max Hall, Treasurer.

The Lincoln chapter of Forensic Club (shown at the top of page 29) has a large membership of Freshmen and Sophomores. Under the leadership of Mr. George Clark, they participate successfully in many contests. Officers are: Paul Kraack, President; Cheryl Schwanke, Vice-President; Jan Beck, Secretary-Treasurer.

DEBATE TEAM

The TL Debate Team provides an outlet for those competitive-minded students who like to argue. With a combination of forensic aptitude and logic, the debaters verbalized on the pros and cons of "compulsory arbitration" this year.

Tomahawk reporters gather school news in order to inform the students on the happenings in and around the halls of Roosevelt. Reports focus attention on the worthwhile accomplishments at school, rather than future events, since issues appear monthly.

The staff is headed by Cathy Roth as editor-in-chief. Eight page editors and their assistants are responsible to her for material for their page assignments. In this way the paper incorporates the writings of many students.

The work of preparing the material for the mimeograph is done by girls from the Advanced Commercial class. This, along with the mimeographing, collating, stapling, and distribution is done on "free" time.

Issues of the Tomahawk are sent without charge to graduates of the previous year who are studying on college campuses.

Cathy Roth, Editor, gives the final okay to a page as Bill Wheeler prepares the mimeograph.

SUNSHINE SOCIETY

OFFICERS: Jane Hauser, President; Sandra Platt, Vice-President; Terri Roth, Secretary; Kathy McCloud, Treasurer; Carolyn Sollars and Yvonne Phillips, Sergeant-at-arms; Mrs. Esther Crocker, Advisor.

Sunshine Girls traditionally act as big sisters to girls who are new to school life at the Roosevelt building. They learn to know the newcomers at a picnic at the City Park soon after school opens.

BRAVES COUNCIL

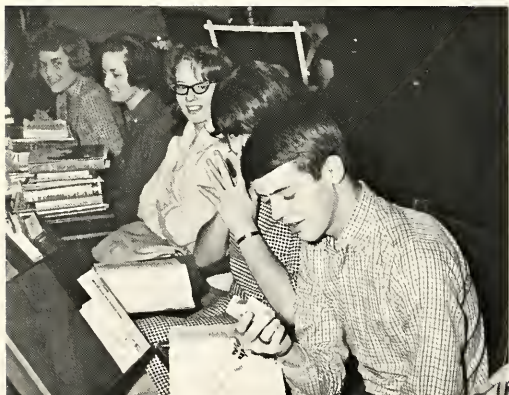

OFFICERS: Dave Hoff, President; Glen Doremire, Vice-President; Dave McDonald, Secretary; Bill McClintic, Treasurer; Perdue Powlen, Robert Fairhurst, Advisors.

ALL-STUDENT CLUBS

Every student is encouraged to belong to a club in order that he may develop a well-rounded personality. Some clubs are built around special interests. Some are philanthropic in purpose; and some are comprehensive in interests and purposes.

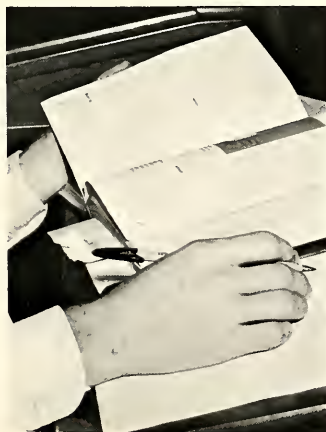

The purpose of the Braves Council is to present to high school boys some problems and aspects of life and situations in the adult world. Toward this goal such speakers as a judge, an auto insurance agent, the safety director of the state police, personnel men from industry, and potential employers have presented programs for the Council.

The motto of the Sunshine Society is "Others." Its activities, therefore, are undertaken in the best interest of others. Money earned in football concessions is used to help a charity case at Riley Hospital for Crippled Children and to provide a nurse's scholarship for some deserving girl. At Thanksgiving, Sunshine-ers distributed baskets of food; and each month, tray favors are made for the hospital and nursing homes.

ACADEMICS

Focus on learning--books, brief cases crammed with papers, long hours of studious concentration. Remember the anticipation of dreaded exams, learning obscure mathematical formulas, reading Shakespeare or Ogden Nash, sewing a dress, welding pipe fittings, or mixing chemicals. We learned to think for ourselves and to work with others. The learning experience never ends; the work of the world lies ahead as our high school study will focus on the challenge of tomorrow.

NEW YEAR IN THE RAIN

The slanting drops of silver and gray
Swish and splash and rinse away
The collected soot from the age of a day.
The world is fresh and new, yet I,
Sorry to see the old year die,
Sit by my window—ashamed to cry;
Feeling empty and not knowing why.

Ah—the many wistful thoughts
Of pleasures gained, and pleasures lost
Return so quickly when thaws the frost.
Completely overwhelmed am I,
And I sit by the window and echo a sigh;
Ashamed to let them see me cry,
Feeling empty and not knowing why.

A soldier's cap, a cocky grin,
Pass through my thoughts. And outside, the din
Of the rain soaked wind as it begs to come in
Shrieks its mournful tale to the sky.
Numb to the core of my heart am I,
As I rise and retreat to my room with a sigh;
Feeling empty, but not knowing why.

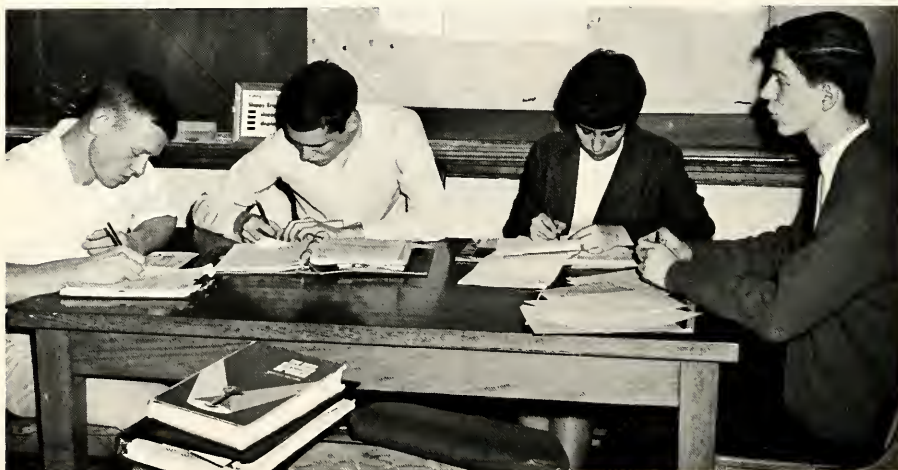

—Jan Wennlund

Phil Cottrell informs his classmates of the evils of communism.

Through the discussion process, difficult problems can be solved. Here Phil Boze, Mike Hawkins, Karen Plummer and Dave McDonald demonstrate this valuable tool.

ENGLISH

Central to effective participation in school and later life is the ability to communicate and to understand. In the sophomore year basic skills in composition and the interpretation of literature are provided, as well as training in developmental reading. In the junior year this work is continued. Those students who intend to carry on their education in college take advantage of the senior program. It includes speech, composition, and intensified study of English literature.

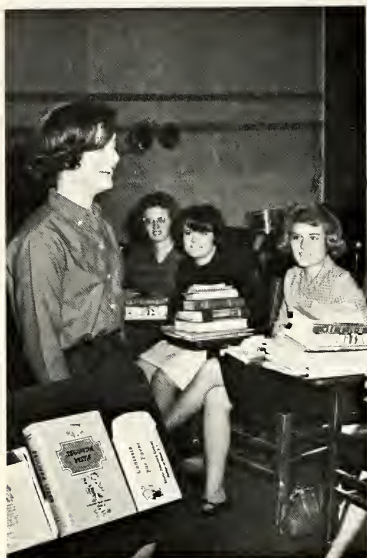

Students focus their attention on this field as it promises great rewards for their future.

Larry Julien points out the birthplace of a famed English poet.

These Lincoln students hope to increase their reading speed and comprehension by dedicated practice in the reading lab.

Marie Brown weaves the current vocabulary words into an intriguing Spanish tale. Her classmates, Bonnie Trent, Chris Combs and Sherry Eudy, listen intently to translate her words and follow the plot.

FOREIGN LANGUAGES

Because many students anticipate an opportunity to travel to Latin America or Spain as our world daily grows smaller, the academic curriculum includes four years of Spanish, written and conversational. By thus destroying the language barrier, Twin Lakes students can serve as personal ambassadors to these nations.

On the other hand, students who seek a wider language understanding, study two years of Latin, the basis for our language and that of many other nations.

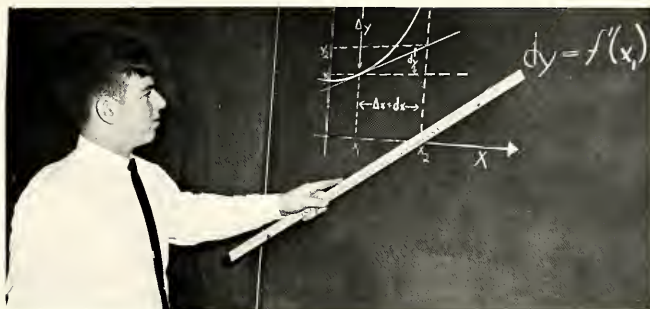

¿Dónde está Madrid?

Mr. Shroyer shows Lincoln students, Ann Helton and Mike Ashton, that the long hours spent in memorizing Latin verbs are valuable in recognizing English derivatives.

MATHEMATICS

Glen Doremire and Gerald Martin weigh the results of a chemical change as Melvin Hughes focuses his attention on a future experiment.

SCIENCE

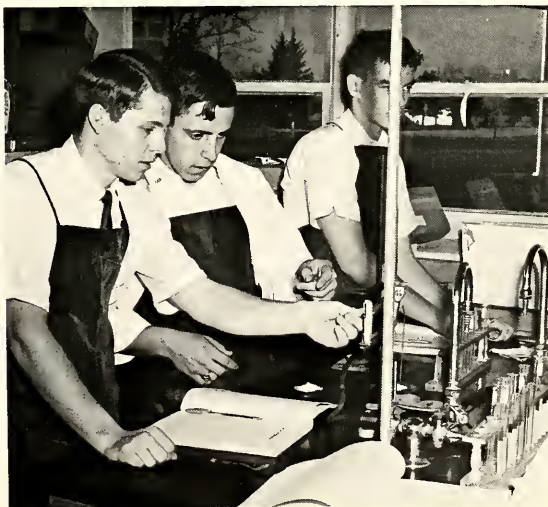

Jeff Morrison and Chuck Adams prove the pendulum law.

By focusing their studies on science for one or two years, Twin Lakes students face the future with a fundamental understanding of the laws of physics and the elements of chemistry. Though all fields do not utilize a knowledge of science, a basic understanding of the worlds of Newton and Curie are a vital part of an ideal education. By study and independent experiment, all students have the opportunity to gain such an understanding.

Karen Plummer puzzles over nebulous instructions as Sherry Eudy records the findings of an experiment.

The flame of truth is silhouetted against Bill's eagerness as Jeff Morrison, Scott Wepfer and Glen Doremire assist.

SOCIAL STUDIES

David Criswell ponders the points made by Jackie Keys in a lively debate on a question central to the fate of the nation.

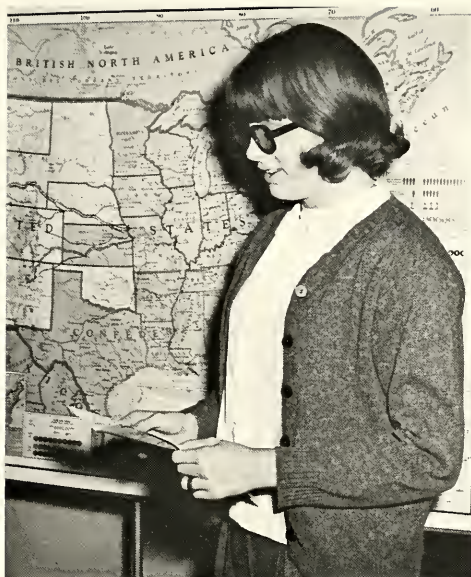

Projects are an integral part of Junior classes in United States History. By making tallow candles or crafting a Kentucky long rifle, students of the twentieth century gain contact with the nineteenth. Melvin Hughes displays Ellie Steveling's candles, while Jerry Long sights along the barrel of Gary Beasy's rifle.

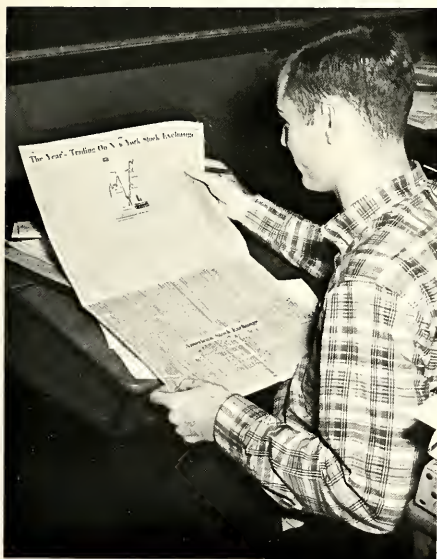

In a democracy, it is fundamental that every citizen has a basic understanding of government and economics, and an awareness of the past.

Graduate requirements include three years of social studies: World History, American History, and Government-Economics.

To participate effectively as citizens, all students must understand their nation--past and present.

Dave Hoff, prominent TL financier, reviews his earnings.

Dianne Shelton ponders how to make a correction on a carbon pack.

Susan Dews operates a standard machine, commonly used today, while Jim Begley and Carol Owens focus their efforts on future opportunities by practicing on Selectrics. They call them the "golf ball" machines.

BUSINESS

Students enter the Commerce Department for varied reasons. Typing is a practical skill that can be used throughout high school, college, and later life. Book-keeping and shorthand courses provide training in conducting personal business, valuable tools for those entering professional business, and a possible means of livelihood.

Due to its diversified course areas, the business department has been a large and important part of Twin Lakes as those who enter it focus on the future.

Though we witness daily modernization in the business field, the underlying principles gleaned from Commerce courses still provide a means of livelihood for countless students.

Joe Smith acts as chief accountant for Bradford Wholesale Grocery.

The aromas of pies such as this one made by Linda Dallinger and Jo Read tempt Roosevelt students throughout the building and make the hours and minutes before lunch seem endless.

HOME ECONOMICS

Home Economics girls gain both variety and economy in their wardrobes by learning to make many of their own clothes.

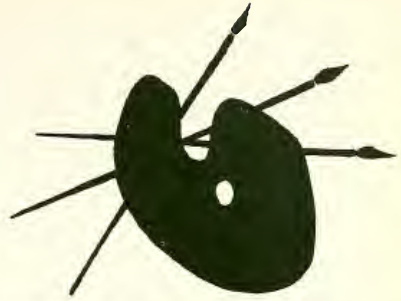

The art area enables students with imagination and artistic ability to develop an appreciation of arrangement, texture, and color.

By conducting a play school and learning basic techniques of home nursing, girls prepare for future days of homemaking.

PHYSICAL EDUCATION

Although careful study of academic and vocational subjects is essential, it is also vital to maintain physical health.

Gym classes include calisthenics and various sports--football, dodge ball, volleyball, soccer, basketball, baseball, and bowling. A highlight of the year's activities is the combined dancing class.

DRIVER EDUCATION

We just threw a rod.

Other cars scatter as the driver-training car streaks across a normally busy intersection.

Swerving to avoid on-coming traffic, the TL driver-training car merrily weaves its way through the countryside. This practice brings dexterity in driving--and lower insurance rates.

FOCUS on yesterday - Homecoming majesty; a crisp autumn evening sparked by the electricity of a Twin Lakes' touchdown; the frenzied roar of a home basketball crown; the rhythmic crunch of cleats on cinders. FOCUS too on the future - knowing that the lessons of sportsmanship we have learned today will give new meaning to our tomorrow.

GET SET- -TRACK, 1965

In early February the Twin Lakes Track team began workouts. Coaches Topping and Anderson molded a well-balanced squad which compiled an excellent 10-2 regular season mark against strong competition. The team also made impressive showings in the Hoosier Relays, the Rensselaer Relays, Delphi Relays and the Lafayette Sectional. The Indian trackmen climaxed a great season with a big victory over arch rivals Rensselaer and Delphi in the 50th annual RMD.

Dave Hanna led the team with 179 $\frac{3}{4}$ points. Gary McCracken set a new shot put record, 53'8 $\frac{1}{2}$ ".

Two 1966 Seniors now hold school records, Dewey Hampton in the broad jump, 22'2 $\frac{1}{2}$ "; and Roger Sommers, in the high hurdles, 16.1 (tie).

Golf at Twin Lakes High School moved into the limelight as a recognized sport during the 1965 season. Coach Ron Hoffer's squad earned a fine 5-4 record. The Logansport Sectional tournament on May 14 provided the highlight of the season. Who can forget Jim Hoover's tremendous hole-in-one on the tenth hole! BATTERS UP! BASEBALL, 1965

Baseball, as Twin Lakes' newest sport, made unbelievable progress during the 1965 season. Coaches Larry Ebel and Larry Crabb transformed their young squad into a well polished unit which fashioned an 11-5 record against stiff competition. Playing on their new field, the Indians developed a winning combination which eight returning varsity lettermen will continue this year. Both Phil Boze, winner of the batting award at .352, and Larry Julien, top Indian pitcher with an E. R. A. 1.98, will return this year. Art Hoffman won the Most Valuable Senior Award.

TAKE YOUR MARKS! CROSS COUNTRY '65

Late in August Coach George Clark recruited a group of men who wanted to run--and run they did! The Indian harriers ran off with a perfect season record of ten victories and a trip to the Semi-State race at LaPorte. This 1965 Cross Country team was the best harrier squad ever to run at Monticello. Their remarkable record included three consecutive perfect scores of fifteen; a victory over state-champion West Lafayette for first place in the Delphi Invitational; and a big win in the first Twin Lakes Invitational. Dick Christensen led the Indian runners and set a new school record for the two mile race with a time of 10 min. 30 sec. Ed Lucas, Dick Hubbard, Bob Beck, and Mick Gorski also ran consistently well for the Lakers. Other letter winners included Dave Hoff, Phil Boze, Don Beck, and Joe Smith.

The day of triumph after a great season!

FOOTBALL '65

The 1965 football season began in the blistering heat of August on the high school practice fields. Coach Dave Topping molded a respectable squad built around his versatile Senior halfback, Dewey Hampton, who was voted the team's most valuable player. Hampton was protected by a sturdy line of such bruisers as Hathaway, Ware, Cottrell, Anderson, Lucy and Girard.

After losing the first two games to strong teams from Rensselaer and Central Catholic, the Indians scalped North Judson 39 to 27 for a big Homecoming victory. Following three more losses, all to larger schools, Topping's boys closed out the season by winning three of four games including a big upset victory over highly touted Eastern, which had previously lost only two games since 1959. In the final game - an acrid rivalry with North-White - the Lakers walloped the hapless Vikings 39 to 0.

Following the game a huge victory bonfire honored the team, thus ending the football season on a jubilant note of triumph.

READY, WRESTLE! W R E S T L I N G '65-'66

Now in its third season as a varsity sport, Twin Lakes Wrestling has grown rapidly in popularity. Under the watchful eye of Coach Joel Storm the local grapplers have built a strong squad including 3-year veterans Gilbert Shoop, R. J. Wolf, Leonard Girard, Eric Lindborg, Kenny Lee, Joe Smith, and Phil Cottrell. The matmen have not been defeated by any school of comparable enrollment since the initial 1963-64 season. In the school's 2nd Invitational Wrestling tourney, Twin Lakes came within 12 points of favored Logansport which had previously beaten TL by 24. The balance of the squad, though relatively young and inexperienced, has shown marked improvement as the year progresses. Leading the less experienced boys has been the job of Denny Hattersley and Gerald Hanna.

Dennie nears his goal - a well-deserved pin.

BASKETBALL 1965-1966

Coach Berlin Rowe fielded a well-balanced team in 1965 including six varsity lettermen. Our boys spent long hours drilling on the fundamentals of Coach Rowe's pattern basketball. The Indians found rough going at first, but constant practice and added experience brought rapid improvement.

Our boys won runners-up honors in the Holiday Tourney against a fine Pioneer team. Twin Lakes, with a great team effort, then won four out of five games including big victories over Rensselaer, North Judson, and Knox. Arch-rival, North White, was severely trounced by the surging tribe.

Heading the Indians' attack was leading scorer, Phil Boze. Dave Hoff, Lucas, Rothrock, and Hughes gave the Indians consistent rebounding strength. While Bill Lucy, Dewey Hampton, and Boze controlled the backcourt for Coach Rowe with their fancy ball-handling.

Remember the delight of doing things together, that if done alone would mean so little. Passing days will bring to mind the face of a friend and the precious memory of a past experience together. Yes, remember the faces of 1965 and 1966 and from this perspective of past friendships draw a more vivid focus on the future.

ADMINISTRATION

At 565 South Main Street are focused the difficult and grave responsibilities of administering an educational system encompassing 159 1/2 square miles and counting 2734 students. Through thought and action the Twin Lakes School Board and Superintendent F. H. Gillespie direct the energies of some 200 teachers and employees as they seek to meet a common responsibility.

Principals Dyer and Ryan at their respective buildings successfully guide the varying interests of many students in meeting a single purpose.
